I would like to express my sincerest appreciation to *Executive Assistant Extraordinaire*, Dominique Scalia. She has been most instrumental in the completion of this project. Her contributions were, in fact, invaluable. I have the utmost respect and admiration for her intellect, her work ethic, and her person. She is truly both a godsend and a wunderkind.

I also appreciate the legal research Dan Healy provided. I am grateful to SAGE Publications for the opportunity to work on this project, and to Elise Smith for her patience and assistance. My gratitude extends to my brother Kevin and my friend David Steele for their encouragement and understanding throughout the process.
